2045 BCATS Long Range Open House Survey

Provide us with your thoughts and comments regarding the following transportation Goals and Issues within BCATS area and rank them from 1 (most important) - 10 (least important)

Transportation Goals	Rank (1-10)	Comments
The accessibility and mobility for people and goods	4	
Creating/enhancing connectivity between modes of transportation	3	
Increase the safety and security along the system for all users	1	Safety is Top best it can't come without
Promote an efficient manner of management and operation	10	
Encourage energy and resource conservation and sustainability	9	
Support economic vitality of the region and provide for consistency between transportation projects and the growth and development patterns.	8	
Maintenance and resurfacing of existing roads	2	improved road
Redesigning roads to reduce congestion	5	the rest can follow
Supporting non-motorized development (i.e. sidewalks, bike paths)	6	
Improving public transit services (i.e. buses, routes, cost, etc.)	7	

2045 BCATS Long Range Open House Survey

Provide us with your thoughts and comments regarding the following transportation Goals and Issues within BCATS area and rank them from 1 (most important) - 10 (least important)

Transportation Goals	Rank (1-10)	Comments
The accessibility and mobility for people and goods	2	freight systems need to be reviewed and improved.
Creating/enhancing connectivity between modes of transportation	1	
Increase the safety and security along the system for all users	1	Safety has to be a #1 Priority!
Promote an efficient manner of management and operation	2	
Encourage energy and resource conservation and sustainability	1	
Support economic vitality of the region and provide for consistency between transportation projects and the growth and development patterns.	2	
Maintenance and resurfacing of existing roads	1	Roads need more than bandaid fixes - need to find long-term solutions <i>and funding.</i>
Redesigning roads to reduce congestion	1	
Supporting non-motorized development (i.e. sidewalks, bike paths)	1	Very important to provide better non-motorized routes - funding <i>services and needs.</i>
Improving public transit services (i.e. buses, routes, cost, etc.)	2	

2045 BCATS Long Range Open House Questioner

Please use the copies provided to answer the following questions.

1. How would you prioritize the following categories of projects?

(Rank 1-4, 1 being the first priority)

- **2** Roadway Capacity Projects (adding or expanding roads)
- **1** Roadway Reconstruction/Maintenance Projects (preservation of existing roads)
- **4** Public Transportation Projects (i.e. buses, transit facility improvements, and carpool services)
- **3** Non-motorized projects (i.e. bike/pedestrian facilities including sidewalks and multi-use pathways)

2. What are your thoughts on the current transportation network including roadway, non-motorized, and public transportation infrastructure?

While we need more funds to take care of poor road conditions, it's important to work on non-motorized modes of transportation and find additional funding for such projects.

3. Are there specific roadway, non-motorized, or transit improvements which you think should be/should not be made? (You may reference project list posters)

- * Iron Belle Trail (Non-Motorized)
- * Blue Ways Water Trail (Non-Motorized)
- * State Park Drive Reconstruction w/ bike lane.

4. What regional/local issues do you think are affecting transportation?

Lack of funding!

5. Do you have any additional comments?
