Section 1: Introduction

Introduction

The enclosed Central Services Cost Allocation Plan identifies the costs of indirect services provided by central service departments of Bay County, Michigan (“the County”) based on actual expenditures for fiscal year ending December 31, 2022. MGT of America Consulting, LLC (MGT) prepared these documents at the request of the County.

This Cost Allocation Plan is used by the County to claim indirect costs as charges against grants and contracts (awards). The Cost Allocation Plan is submitted for use by the Michigan Department of Health and Human Services and other State and Federal grantors.

This document is prepared in compliance with the federal guidelines contained in 2 CFR Part 200 “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards” (formerly *OMB Circular A-87*). County personnel provided the expenditure and allocation data to MGT consultants. MGT consultants then prepared the Cost Allocation Plan utilizing a double step-down methodology.

Section 2: Certification

Bay County, Michigan

COUNTY-WIDE COST ALLOCATION PLAN CERTIFICATE OF INDIRECT COSTS

This is to certify that I have reviewed the indirect cost plan submitted herewith and to the best of my knowledge and belief:

- (1) All costs included in this plan are for the fiscal year ending December 31, 2022 and are to establish billing or final indirect costs for the fiscal year beginning January 1, 2024 and are allowable in accordance with the requirements of the 2 CFR Part 200 "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" and the Federal award(s) to which they apply. Unallowable costs have been adjusted for in allocating costs as indicated.
- (2) All costs included in this plan are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the agreements to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently and the Federal Government will be notified of any accounting changes that would affect the costs identified.

I declare that the foregoing is true and correct.

Section 4: Reading a Cost Allocation Plan

Reading a Cost Allocation Plan

Overview

This federal Cost Allocation Plan is prepared under the 2 CFR Part 200 guidelines for Central Services Cost Allocation Plans. This plan is a document that distributes, or allocates, County indirect costs. Indirect costs are those costs incurred by County departments that benefit other County departments. Examples of County indirect costs are administration, accounting, and information technology

The primary purpose for preparing the Cost Allocation Plan is to identify the appropriate department indirect costs for FY 2022.

The significant steps involved in preparing the Cost Allocation Plan include the following:

- Identify the County departments that provide support to other County departments. These departments are referred to as central service or allocating departments.
- Identify the County departments that receive support from other County departments. These departments are referred to as grantee or receiving departments.
- Accumulate the allowable actual expenditures of the County departments that provide support to other County departments.
- Distribute, or allocate, the allowable expenditures of the County departments that provide support to other County departments based on available, meaningful, measurable, and auditable allocation statistics that match the service provided to the service received.

Process

A double-step-down allocation methodology is used to allocate the allowable costs of the central service departments. This methodology recognizes the cross support provided between central service departments. For

example, Accounting supports Information Technology by providing payroll, paying vouchers, and preparing a budget. Information Technology, however, also supports Accounting by providing software and hardware and by maintaining and administering various applications and systems.

The double-step-down methodology requires an initial sequencing of allocating departments. In the first step of the double-step methodology, allowable costs from central service departments are allocated in the sequence selected to all County departments, divisions, and funds; including to other central service departments. The second step in the double-step-down methodology is made to fully account for the cross support provided between central service departments. Central service departments are closed after the second step in the double-step down allocation methodology.

Carry-Forward

2 CFR Part 200 (formerly OMB Circular A-87) guidelines have several plan types which are acceptable under the federal procedures. This plan is considered a “fixed with carry-forward” plan. Under this procedure, total current year allocations are identified. The “fixed cost” amounts, identified as “Prior Year Allocations”, which are based on the costs claimed from a prior plan, are compared and the difference is computed and identified as the “Carry-Forward” amount. The current allocation plus the “Carry-Forward” are combined to identify the “Proposed Costs.” Proposed Costs are to be applied to the year the plan is being used for recovery. This procedure allows the governmental unit to recover or return any over or under recoveries claimed in the year of the plan.

Sections

Table of Contents

The first few pages of the Cost Allocation Plan are the Table of Contents. The column on the left side of the page lists the central service, or allocating, departments. Each central service department is broken down into

functions. Functions are the specific services provided by the department. The middle column lists the allocation base for each corresponding function. The column on the right side is the applicable page number.

Summary Schedule

The next few pages of the Cost Allocation Plan are the Summary Schedule. The Summary Schedule identifies the total dollar amount allocated from every County allocating department to every County receiving department. Allocating departments are listed down the left column and receiving departments, divisions, and funds are listed across the top of each page.

Detail Schedules

The remaining pages of the Cost Allocation Plan are the detail schedules for each central service department. The detail schedules for central service departments are structured in the following format.

Narrative Lists the department name, provides a brief description of the activities performed, and identifies the functions and the corresponding allocation base.

Departmental Costs (A) The actual expenditures for the central service department.

There are three potential codes that can be denoted on the Departmental Cost schedule. The three codes are “S”, “P”, and “D” and identify how costs are spread or distributed within the department to the relevant functions. The “S” (or “S”1) stands for salaries. The “P” stands for a predetermined percentage described in the narrative. The “D” indicates disallowed.

Incoming Costs (B) The support costs coming into the department from other central service, or allocating, departments.

Incoming costs are spread on the ratio of function salaries to departmental salaries. In the few instances where a department has no salaries, incoming costs are spread on the ratio of function expenditures to departmental expenditures. Certain incoming costs, however, may be denoted with an *. The * identifies those incoming costs that are directly identified to departmental functions and spread to departmental functions on a percentage basis.

Total Allocated (C) The total amount allocated for that department. This amount is found at the end of the Incoming Costs schedule.

Function Allocations The distribution, or allocation, of the Total Allocated costs by function.

Allocation Summary The summary of allocated costs by function

Building Depreciation
Nature and Extent of Service

Bay County maintains detailed depreciation records on fixed assets including buildings and improvements. Depreciation costs are an allowable cost under the federal guidelines and are included in this plan.

For plan purposes, the following buildings were identified. Single occupancy buildings were allocated directly to the benefitting department. Buildings with multiple occupants have been allocated based on usable departmental square footage.

- **County Building**
- **Health Facility**
- **Courts Facility**
- **Law Enforcement Center**
- **Juvenile Detention Facility**
- **Animal Control**
- **Fairgrounds**
- **Office of Emergency Services**
- **Community Center**
- **Storage Building/Records Storage Building**
- **Central Dispatch**

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

Equipment Depreciation
Nature and Extent of Service

The federal regulations contained in 2 CFR, Part 200 allow for the recovery of depreciation on equipment used by the County to deliver the services necessary to support those programs funded with Federal grants. Bay County maintains fixed asset records which identify the initial cost for various pieces of equipment used by central service departments and the current and cumulative depreciation.

For plan purposes, the depreciation costs identified for various types of equipment are identified and the depreciation costs are then used to allocate the outlays to the benefitting departments.

The following described the various categories and how the costs were allocated:

- **Equipment Depreciation** - Equipment depreciation is allocated to benefitting departments based on the assigned depreciation identified within the fixed asset register.
- **Imaging Equipment** - Depreciation of imaging equipment has been identified within this function and has been allocated to benefitting departments based on the number of assigned licenses.
- **Telephone** - The County capitalized telephone equipment in 2018. The depreciation charge has been allocated to benefitting departments based on the number of phone lines.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

1010-25300 Treasurer
Nature and Extent of Service

The Treasurer's Office is responsible for managing cash and revenue for the County, including the processing revenue receipts of taxes, fees, fines, and miscellaneous sources. The Treasurer's Office also performs bank reconciliation, check reconciliation and assists with accounting.

The costs of these services have been functionalized and are allocated as indicated below.

- **Cash Receipts** - The Treasurer's Office posts revenue transactions and is responsible for providing internal controls for cash assets. Associated costs have been allocated to benefitting departments based on the number of receipt transactions by department.
- **Bank Reconciliation** - The costs of bank reconciliation are identified within this function and are allocated based on the number of accounts payable receipts and wire transfer transactions by benefitting department.
- **Accounting** - Time spent on the accounting function has been identified here and has been moved to the accounting function within department 1010-19100 Accounting.
- **General Government** - Costs for services related to tax collection are classified as general government for plan purposes. Costs related to General Government are not further allocated.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

**1010-10100 Board of Commissioners
Nature and Extent of Service**

The Board of Commissioners of Bay County is the legislative body and discharges its duties as required by federal and state law. It is the function of the Board of Commissioners to: set policy for the county, adopt and monitor an annual budget, equalize property tax assessments, set fees, contract for a yearly audit of all county funds, and implement the recommendations of its auditing firm to ensure the legal and efficient use of tax dollars.

The Board of Commissioners appoints other specific boards and commissions, adopts ordinances, buys land for county use, sells county-owned property, and enters into contracts and agreements on behalf of Bay County.

In addition to performing the general governmental duties described above, the annual audit is identified under the budget of the Board of Commissioners.

- **Annual Audit** - The cost for the annual financial audit is identified within this function and has been allocated to benefitting departments based on the number of departmental accounting transactions.
- **General Government** - Expenses related to the operation and function of general governmental duties have been identified within this function and have not been allocated further.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

**1010-19100 Accounting Department
Nature and Extent of Service**

The Accounting Department provides accounting, financial and purchasing services to all County departments and funds. The Accounting Division maintains a system of accounts to accumulate, classify, and report on the financial activities of the County's various funds and departments. The system provides for the proper accounting of assets, liabilities, revenues, and expenditures which facilitates the preparation of financial reports to be submitted to the Board of Commissioners, the County Executive, the Federal Government and the State of Michigan.

Other duties performed by the Accounting Division include internal audits; financial forecasting; development of fiscal policies; the design and implementation of accounting and financial reporting systems; preparation of the Comprehensive Annual Financial Report (CAFR); the maintaining of a property and equipment (fixed assets) inventory; issuance of bonds; servicing and accounting for the County's long and short term debt; facilitating the annual budget process; and providing a centralized accounts receivable function which is responsible for invoicing, monitoring and collecting all funds due for goods and services provided by all County departments and funds.

The costs identified within the budget for the Accounting Department have been functionalized and allocated as indicated below:

- **Accounting** - Accounting services have been allocated to departments based on the number of expenditure transactions made by each department.
- **Payroll** - The cost of administering payroll services has been identified within this function and has been allocated to benefitting departments based on the number of Full-Time Equivalent Employees (FTEs) in each department.
- **Budgeting** - The cost of assisting the Budgeting Department with the preparation of the County's annual budget has been identified within this function. These costs have been allocated to benefitting departments based on the number of budget line items and budget adjustments by department.
- **Purchasing** - The County procures goods and services to carry out the delivery of services to the citizens. The County coordinates the procurement of goods and services through the competitive bidding process. Costs for the purchasing function are allocated directly to the purchasing department.

Bay County, MI
Cost Allocation Plan

FY 2022
10/26/2023

1010-19100 Accounting Department
Nature and Extent of Service

- **Contracted Services** - The County secures professional services for the preparation of the County's annual cost allocation plan. The plan is used to recover overhead expenses from various programs including federally funded programs. The cost of the service is allocated to the central service departments equally.
- **Special Projects** - The Accounting Department sometimes performs special projects as needed outside of their routine duties. Special Projects have been allocated to benefitting departments based on the dollar value of wages assigned to each project.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

Cost Allocation Plan

FY 2022
10/26/2023

1010-20200 Payroll
Nature and Extent of Service

The Payroll Department performs duties related to the administration of payroll withholdings and benefits. The costs of these services have been functionalized and allocated as indicated below.

- **Payroll** - The cost of processing payroll withholdings and filings has been identified within this function and has been allocated to benefitting departments based on the number of Full-Time Equivalent Employees (FTEs) in each department.
- **Retirement** - The cost of administering and processing retirement benefits has been identified within this function and has been allocated directly to the Retirement Fund.
- **Budget** - The payroll department provides intermittent support for budgeting. Costs related to the administration and adoption of the annual county budget have been identified within this function. These costs have been allocated to benefitting departments based on the number of budget line items and budget adjustments by department.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

1010-21200 Budget Department
Nature and Extent of Service

The Budget Department applies accounting principles in all aspects of the budgeting process to assist the executive, legislative and judicial branches of Bay County in the rational allocation of County resources. In addition to the budget function, the department performs various accounting services.

The costs of these services have been functionalized and allocated as indicated below.

- **Budgeting** - Costs related to the administration and adoption of the annual county budget have been identified within this function. These costs have been allocated to benefitting departments based on the number of budget line items and budget adjustments by department.
- **Accounts Payable** - The cost of posting accounts payable transactions have been identified within this department and have been allocated to benefitting departments based on the number of payable transactions by department.
- **General Accounting** - The cost associated with general accounting support and the review of accounting transactions for County departments is identified in this function and has been allocated to benefitting departments based on the number of accounting transactions by department.
- **Specific** - The budget department provides services that directly benefit specific departments. These projects and services are directly allocated to benefitting departments based on the value of wages identified in the County's time study.
- **General Government** - Expenses that are general government in nature are identified within this function and have not been further allocated.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

1010-27200 Administrative Services
Nature and Extent of Service

The Administration Services Department helps the County Executive with coordination and management of the County's day-to-day affairs; assumes responsibility for working with assigned department directors and division managers and coordinates citizen inquiries and complaints to find a solution.

The costs of these services have been functionalized and are allocated as indicated below.

- **Administrative Services**- Costs related to the provision of administrative support and departmental coordination have been allocated to benefitting departments based on the number of FTE's by benefitting department.
- **Support Service** - The cost of administrative and managerial support is allocated based on the dollar value of assigned wages by supervised department.
- **Vendor Services** - The cost of vendor related services identified within the Administrative Services budget has been identified within this function and is directly allocated to the Information Services Department for further distribution.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

**1010-22800 Information Systems Division
Nature and Extent of Service**

The county recognizes the requirement to provide user departments with a centralized resource where they can receive assistance in creating innovative solutions to their needs using technology. The IT Department provides the County with a centralized service to provide departments with automated services to increase their productivity and information handling capabilities.

The costs of services provided by the Information Services Division have been functionalized and are allocated as indicated below.

- **Technical Support** - Costs associated with the IT "Help Desk", technical support, training and troubleshooting services are identified within this activity and allocated to departments based on work orders by department.
NOTE: Work Orders provided to outside clients are allocated to other.
- **Network/Server Support** - User departments access the services of the IT Department through the system's network. Costs for the Basic Network support are allocated to all users based on the number of employees by department.
- **MUNIS Support** - This function identifies costs associated with the implementation and maintenance of the MUNIS financial reporting system. These costs have been directly allocated to the Financial System MUNIS Cost Center for further distribution.
- **Specific Services** - Non-routine IT services, equipment and repair that benefit specific departments have been identified in this function and have been allocated to benefitting departments based on the actual cost identified. The cost of providing service is billed to departments based on employee wages.
- **Imaging** - Imaging has been allocated to benefitting departments based on the number of assigned licenses.
- **Direct Support** - The Information Services Department dedicates some of its time specifically to 911 Central dispatch. This has been allocated to benefitting departments based on departmental wages. **NOTE:** The County direct bills 911 Central Dispatch for this service. The direct billed amount has been identified as a revenue and identified within this function.

**1010-22800 Information Systems Division
Nature and Extent of Service**

- **Juvenile Home Cameras** - Cameras were purchased for the Juvenile Home in 2018. This function identifies this cost and a credit from the County's insurance provider to offset the cost.
- **Outside Services** - The County provides services to outside clients. This function identifies the cost of equipment purchased and income generated for services provided. These costs are not allocated further.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

Financial System MUNIS
Nature and Extent of Service

This Financial System MUNIS Cost Center identifies the costs associated with the MUNIS Financial system for further allocation.

The costs of these services have been functionalized and are allocated as indicated below.

- **Accounting** - The cost related to the Accounting function of the MUNIS Financial System have been identified here and are allocated to departments based on the number of accounting transactions posted by benefitting department.

NOTE: The Register of Deeds (1010-26800 Register of Deeds) has been combined with 2560 Register of Deeds Automation Fund to identify the cost of technology improvements for the Register of Deeds.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

**1010-23300 Purchasing
Nature and Extent of Service**

The Purchasing Department provides fair and equitable treatment of all persons involved in public purchasing by Bay County, maximizes the purchasing value of public funds in procurement, provides guidance to all individuals involved in public purchasing regarding the application of the policies and procedures to be adhered to; provides safeguards for maintaining a procurement system of quality and integrity and ensures that expenditures are incurred and recorded timely and in compliance with the annual adopted budget.

- **Purchasing** - The primary responsibility of the department is to prepare purchase orders for the various departments in a consistent manner to assure that all purchases have met the county policy for quality and competitive cost. Costs for the purchasing department have been allocated to the various departments based the number of Purchase Orders Issued by department.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

1010-26500 Buildings and Grounds
Nature and Extent of Service

Part of the cost of operating County Activities is the cost of office space. The space requires maintenance, repairs, utilities, and janitorial duties. The costs of these services have been functionalized by building and allocated to occupant departments based on their usable square footage, single occupant locations have been directly allocated to the benefitting department.

For plan purposes, the following County buildings have been identified: County Building, Health Facility, Courts Facility, Law Enforcement Center, Community Center, Pinconning Park, Parks Maintenance, Fairgrounds, Central Dispatch, Juvenile Detention, Civic Arena, and Golf Course.

Expenditures have also been functionalized into the following categories and allocated as follows:

- **Group Homes** - Costs for Group Homes are split equally between all the group homes.
- **Storage Building** - Costs related to the storage building have been allocated Buildings and Grounds department
- **Snow Plowing** - The buildings and Grounds department and the Parks and Recreation department both provide snow removal services for the County's parking lots. The costs identified in this function have been allocated directly to the parking lot function within the parks and recreation department for further allocation.
- **Maintenance Other Buildings** - Costs associated with the maintenance of buildings not identified above are identified within this function. Costs for the maintenance of these buildings are allocated to benefitting departments based on the dollar value of wages identified by the Building and Grounds Department.
- **Telephone Upgrade/Maintenance** - Costs identified within this function are related to the upgrade and maintenance of the County's telephone systems. The costs identified here have been allocated to benefitting departments based on the number of departmental phone lines.
- **Direct Supplies** - The cost of supplies that benefit specific departments has been identified within this function and has been allocated to benefitting departments based on actual costs.

1010-26600 Corporation Counsel
Nature and Extent of Service

The Corporation Counsel budget identifies expenditures for legal services required by Bay County officials and departments, so they carry out the business of the county, such as contract renewal and preparation.

The costs of services provided by the Corporation Council have been functionalized and allocated as indicated below:

- **Civil Council** - This function identifies the cost of identifying legal services, research, and advice for County departments. Costs are allocated to benefitting departments based the dollar amount of staff attorney wages identified by the department.
- **Legal Fees** - The cost of professional counsel for specific departments has been allocated through this function based on actual costs for each benefitting department. **NOTE:** Legal fees related to court activities and Fund 292 have been identified within this function and have been allocated on a percentage ratio based on departmental expenditures.
- **General Government** - Legal services identified as supporting the function of general government has been identified here and have not been further allocated.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

1010-27000 Personnel & Employee Relations
Nature and Extent of Service

The Department of Personnel & Employee relations is responsible for the management of various employee related issues, including the coordination of hiring of employees, labor negotiations, contract administration, the maintenance of personnel files, and the coordination of employee training. The costs of services provided by the Personnel & Employee Relations department have been functionalized and allocated as indicated below:

- **Human Resources**- This function identifies the costs related to employee recruitment, candidate screening, managing employee fringe benefit programs and compliance with employment related laws and accompanying regulations. Associated costs have been allocated to benefitting departments on the number of FTEs per department.
- **Labor Relations** - The cost of labor negotiations is identified within this function and have been allocated to the number of union employees by department.
- **Education and Training** - The cost of providing employee education and training is available for all county employees and has been allocated on departmental FTEs.
- **Temp Services** - Temp agencies are occasionally utilized to provide contract labor for short term or seasonal projects. These costs are directly allocated based on actual costs by department.
- **Retirement** - The Cost of departmental support for the retirement program has been identified within this function and has been allocated directly to the retirement program.
- **Workers' Compensation** - Has been allocated directly to the Workers' Compensation self-insurance fund.
- **General Government** - Legal services identified as supporting the function of general government have been identified here and have not been further allocated.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

1010-29800 Printing/Postage
Nature and Extent of Service

This Cost Center identifies expenditures related to Mail Services provided on behalf of County departments. Additionally, a rebate for Office Max purchases has been identified within this department.

Mail Services - has been allocated to benefitting departments based on the dollar value of postage charges identified in the general ledger.

Office Max Rebate - The credit for the Office Max rebate has been identified within this function and has been allocated based on departmental spending with Office Max.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

1010-30100 Sheriff's Office
Nature and Extent of Service

The Bay County Sheriff's Office is responsible for a broad range of services related to enforcing Michigan Statutes and the general provision of public safety. In addition, the sheriff is responsible for providing security to the County's Courthouse which has been deemed to require both on-site screening and general safekeeping.

For plan purposes, the costs of the Sheriff's operation are identified in this chapter. The costs of the sheriff's office are functionalized between general governmental duties and Courthouse security. Courthouse security has been allocated to benefitting departments based on the usable square footage of occupant departments.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

1010-75110 Recreation & Facilities
Nature and Extent of Service

The Recreation and Facilities Department initiates and coordinates recreational activities for Bay County while making special efforts to design programs which may enhance the development of youth in the community. It also helps to maintain the county facilities and grounds.

Expenditures within this department have been identified and are allocated as indicated below.

- **Administrative** - The Recreation & Facilities department provides administrative and managerial support for various departments. The cost of providing managerial support has been allocated to benefitting departments based on departmental wages assigned to benefitting departments.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

**1010-75112 Parks/Recreation Maintenance
Nature and Extent of Service**

The Parks/Recreation Maintenance department provides for the maintenance and upkeep for County Parks. Additional responsibilities include periodic support for grounds maintenance and parking lot snow removal and salting.

Expenditures within this department have been identified and are allocated as indicated below.

- **Grounds Maintenance** - The cost of the periodic support provided to the ground's maintenance department has been identified within this function and has been directly allocated to the Buildings & Grounds Department.
- **Parking Lot** - Costs related to parking lot snow removal and salting have been identified within this function and have been allocated equally between the Buildings & Grounds department and Department 1010-26500 Pere Marquette.
- **Vehicle Repair** - Some vehicle maintenance is performed by the Parks/Recreation Maintenance department. The associated costs have been allocated to benefitting departments based on the number of departmental vehicles.
- **County Building** - The cost of periodic support for County Building maintenance has been allocated to benefitting departments based on usable square footage of occupant departments.
- **Courts Building** - The cost of periodic support for County Building maintenance has been allocated to benefitting departments based on usable square footage of occupant departments.
- **Law Enforcement Center** - The cost of periodic support for Law Enforcement Center maintenance has been allocated to benefitting departments based on usable square footage of occupant departments.
- **Maintenance Other Buildings** - Costs associated with the maintenance of buildings not identified above are identified within this function. Costs for the maintenance of these buildings are allocated to benefitting departments based on the dollar value of wages for benefitting departments.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

**1010-85100 Risk Management
Nature and Extent of Service**

Bay County purchases insurance to help protect the County's assets from losses deemed the responsibility of the County. The County's major policy is purchased through the Michigan Municipal Risk Management Association (MMRMA).

Costs for the premiums and deductibles are identified in this schedule including operating expenditures. In the period identified, a portion of the premium was charged to the Health Fund. For plan purposes, this direct charge has been added back to the premiums identified to fully account for the cost of the coverage. Premiums are allocated based on the type of coverage purchased.

Expenditures within this department have been identified and are allocated as indicated below.

- **General Liability** - The cost for the General Liability coverage is allocated on departmental FTEs. The Health Department's gross direct charge was credited within this function.
- **Police Professional** - The cost of professional liability insurance for the police department has been identified here and is allocated based on FTEs of covered departments.
- **Vehicles** - The cost of automobile insurance coverage is identified here and is allocated based on the number of insured vehicles by department.
- **Property** - The cost of coverage for property protection has been distributed based on the dollar value of the covered property. Single occupant buildings have been allocated based on property value. Costs for buildings that house multiple departments have been allocated based on usable square footage. The covered buildings include Specific Buildings, The County Building, Court Facility, Law Enforcement Center, and Central Dispatch.
- **Sewer** - The cost identified for sewer has been allocated directly to the Drain Fund.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

1010-85900 Wellness Program
Nature and Extent of Service

Administrative costs for Bay County's employee and retiree wellness program are identified within this department.

Having the Wellness Center available for the Bay County Employees, Non-Medicare eligible Retirees, their spouses and their dependents are a significant out-of-pocket cost savings for them. They do not have to pay for office visit co-pays, select labs and generic prescriptions. Employees and retirees will realize cost savings by reducing claims by detecting chronic conditions early on. With Bay County being self-funded, it will see savings by reducing long-term claims with early detection and maintenance. Employees and retirees will be able to address chronic illnesses, such as diabetes, when they can be most effectively addressed.

In addition to treating patients, the Wellness Center offers diabetic education once a month and "lunch and learns" at the Bay County Building once a quarter for all Bay County employees and retirees. These are a way to keep people educated on various health topics. Education is key to early detection and will continue to be a priority.

Administrative costs for the wellness program have been allocated based on departmental FTEs.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

**1010-87800 Retirees Health/Life Insurance
Nature and Extent of Service**

The cost for providing health care of retired employees and termination payoffs has been identified in this chapter.

- **Current Retiree Fringe Benefits** - 2 CFR, Part 200 allows for the recovery of retiree insurance, but only as an indirect cost. This function identifies the current cost of insuring current retirees. An adjustment was made in the amount of **\$465,900** to pool the cost of fringe benefits charged to select non-general fund departments that was originally identified within activity **71601 - Retirees Health Ins-General GP**. Direct Billing Credits are applied to non-general fund departments that have been directly billed for their portion of retiree insurance. These costs are allocated to benefitting departments based on the amount charged by the county for the number of covered employees identified in each department.
- **Future Retiree Fringe Benefits** - This function identifies the current amount paid to finance costs of future retirees. An adjustment is made in the amount of **\$872,920** for costs charged directly to County departments identified within activity **71603 - Retiree Health Care Contribution**. These costs are pooled together and are allocated to benefitting departments based on the amount charged by the county for the number covered employees identified in each department.
- **Termination Payoff** - Bay County awards sick and vacation payouts to employees upon their separation with the County. The payments are identified directly within the department's budget. 2 CFR, Part 200 allows for the recovery of sick and vacation payouts, but only as an indirect cost. For plan purposes, this Cost Center identifies the total amount of sick and vacation payouts paid by the county from accounts 71203 Termination Sick Pay and 71204 Termination Vacation Pay over the fiscal year and allocates both to departments based on the dollar value of wages by department. A direct billing credit is then applied to offset the amount paid by each department to adjust the amount of the actual payout. For plan purposes, the Friend of the Court and the Prosecutor costs are not offset by a direct billing credit as these departments do not claim this cost as a direct expense.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments. Any direct charges made within the County's accounting system are adjusted through direct billing credits.

1010-27900 Building Authority
Nature and Extent of Service

This Cost Center identifies costs charged to the Building Authority's activity. These costs have been distributed to benefitting projects based on the number of expenditure transactions within benefitting projects.

The plan is designed to allocate other central service departments' costs to the various departments including this department. These costs are designated as first and second allocations and are added to the expenses of the department for further allocation to benefitting departments.

Any direct charges made within the County's accounting system are adjusted through direct billing credits.

INTERNAL SERVICES FUNDS

Internal Service funds account for the financing of goods or services provided to other funds, departments or agencies of the primary government and its component units or to other governmental units on a cost reimbursement basis.

The **Self Insurance Fund** was established by the County to provide its own insurance coverage to its departments or funds for workers' compensation, sickness and accident, and unemployment compensation. It is funded by charges to the various funds covered under the program, with all claims being paid from the fund.

The **Healthcare Self Insurance Fund** was established by the County to provide its own insurance coverage to its departments or funds for employee health care.
